EDWARDS WRITES TO HIS FRIENDS

Wants Band to Meet His Body at Depot and Play Marches—Desires to Be Buried at Temple.

Frank Edwards evidently has very little hope of escaping the gallows and is beginning to make his final arrangements. This morning he wrote the following letter giving instructions concerning the disposition of his body after his execution.

Ada, Okla., Sept. 7, 1911.
Mr. Spurling, Temple, Okla.

Dear Sir:—I will write you a few lines. I received your Bible and was glad to receive it. My wife and baby is here with me. My time is set for the 20 day of Oct. & I want to be buried at Temple. Tell Dr. Benson & Jim Webb and Bill Holt to tell all of the other people to meet the train the 21 day of Oct. for I suppose that I will be shipped to Temple on that day. Mr. Spurling you tell Mooney Bros. and the band boys to meet the train & play some marches for me & open my coffin at the station so all of my friends can see me. When you read this please send it to Bill Holt at Taylor store.

I remain yours truly,

FRANK EDWARDS.

BYRD'S MILL WATER STILL FLOWS TO ADA

Since 8 o'clock last night Byrd's Mill water has flowed steadily into Ada. The standpipe has been overflowing most of the time, the reservoir at the cement plant filled, and several thousands of gallons of water turned loose on the streets. The pumps have not been run at anything like their full capacity, but have shown that they are capable of meeting almost any demand that may be made on them. The pipe line also seems to be in fair shape now, and it is to be hoped that all the weak places have been found and thoroughly repaired.

NOTICE TO CONTRACTORS

When the Sheriff Was Sought After. "I'll tell you," said Sheriff Mitchell this morning when the News reporter strayed into his office, "when I came through Holdenville the other day I found myself about the most popular and sought after man in the town. Men and women, boys and girls old and young, all wanted a ticket to the hanging of Edwards. Of course I couldn't do anything, for it is out of my county."

He went on to say that he has received numerous letters since coming home. Just then the reporter began to intimate that he, also, would like to have his influence in getting an invitation from the sheriff of Seminole, but only a streak down the hall showed the rapid fading away of the sheriff.

\$25,000 LIBEL SUIT FILED

J. Q. ADAMS CLAIMS THAT SUM FROM JUDGE C. O. BARTON, D. S. CHESTNUT AND S. C. YANCEY.

This morning attorneys for J. Q. Adams filed a suit in the district court asking for \$25,000 damages from Judge C. O. Barton, D. S. Chestnut and S. C. Yancey. The suit grows out of a probate matter in a case where Mrs. Adams was a surety on a guardian's bond and from which she afterwards withdrew. Affidavits were made by Yancey and Chestnut, and placed in the records of the case, to the effect that Adams had sought a bribe from them. Adams claims that these were procured by Judge Barton and have been locked up and himself kept in ignorance of their existence or nature until recently.

Brown & Brown, R. F. Turner and R. A. Howard, all of Ardmore are the attorneys for Adams.

Stratford Going After Cotton.

The business men of Stratford have outlined a plan similar to that of the Ada men to attract cotton to the town. Several hundred dollars worth of premiums will be distributed during the season.

G. McComas, representing the Oklahoma City News, has been in town today canvassing for that publication.

LITTLE-DAGGS BUILDINGS WILL BE BEAUTIES

This morning L. J. Little showed the News reporter the ground floor plan and front of the four buildings to be erected by him and Lee Dags next to the city hall. The front will undoubtedly be the most ornamental in the city. The entire front will be arched over and a six foot space left between the supporting columns and the plate glass front. This in itself will be something entirely new, and upper story of the front will also be made as attractive as can possibly be made.

The News hopes to be in a position in a few days to give a full description of the buildings to be erected on East Main.

FARMERS ARE ADVISED TO HOLD COTTON

NATIONAL UNION SAYS PRICE SHOULD NOT BE LESS THAN FOURTEEN CENTS.

Shawnee, Okla., Sept. 6.—The national convention of the Farmers' Educational and Co-Operative Union Wednesday afternoon unanimously adopted the report of the committee on minimum cotton price, which, in accordance with the demand of all cotton growers of the south, recommended a price of fourteen cents for the staple during the months of September and October and fifteen cents thereafter.

The committee was composed of large cotton growers from every cotton growing state in the union, and its report was based on the thousands of telegrams received from every section, many urging that a 15-cent minimum be adopted.

"The man who drives the old gray mule has spoken," said a member of the committee Wednesday night, "and his word is final. No cotton sells this month and next for less than 14 cents, and after that 15 cents."

Election of officers is made a special order of business and will take place beginning at 10 o'clock Thursday morning.

The executive session of the convention opened Wednesday morning with prayer and song service. Earnest prayers for the guidance of the leaders in their conduct of the affairs of the organization were offered.

Variety of Subjects.

A great variety of subjects, from good roads to immigration, comprise the subject matter of the discussions being held in the various committee rooms and in the general sessions of the farmers' union. Minimum price and holding plans for cotton, parcels post, the central bank idea, gambling in cotton futures, are among the most important subjects on hand.

The parcels post is favored by the farmers, according to reports, and the Scott anti-gambling bill, prohibiting the use of the mails or interstate commerce for the furthering of contracts for the delivery of cotton, where there is no intention of making actual delivery, will be indorsed. The farmers oppose a central bank, decriing the attempt to concentrate the finances of the country into a few strong hands.

GOVERNMENT GIVES AWAY 25 CARS SEED

Guthrie, Ok., Sept. 7.—The report of W. D. Bentley, the state agent in Oklahoma for the Federal government in charge of farm demonstration work shows that the agents under him distributed twenty-five cars of high-grade cotton seed this spring among the farmers who are co-operating with them over the state. The agents reported that in 1910 they were directly instrumental in having planted in their respective territories 3,320 bushels of pure seed corn and 12,999 bushels of high-grade cotton seed.

Mr. Bentley's report was read yesterday to the federal agents now holding their annual convention here, together with the federal agricultural agents in the Indian service. "While in 1910 we brought into the state about 13,000 bushels of high-grade cotton seed and in 1911 over 25,000 bushels, we must make it our job to see that Oklahoma grows her own high-grade seed of all kinds," he said.

The appropriation for federal demonstration work in Oklahoma for the fiscal year ending June 30, 1911, was \$25,000. On that date there were thirty-four federal agents in the state and there were on the rolls 1,329 demonstrators and 10,554 farmers who were co-operating with the agents and getting the benefits of the expert crop demonstrations. There were al-

so 7,366 boys enrolled in the corn clubs organized by federal agents and 1,722 in the boys' cotton-growing contest.

"During the coming year," said Mr. Bentley, "not so much effort will be made to cover new territory as to do better and more efficient work in the territory that we already cover. A longer period of work will be given to all agents and we expect local aid to carry many of them through the winter furlough period. Part of the salaries of a number of the agents this year will be paid by the business men of the counties in which they work. The Fort Smith and Western Railway company has agreed to pay half the salary of an agent to be placed at some point on its line."

COTTON RECEIPTS

320 BALES

To date 320 bales of cotton have been received at Ada. Of this number 65 came in today. The season is rapidly advancing and from this time forward the crop will be moved rapidly.

DYNAMITE FOUND IN NAVY YARD

Boston, Mass., Sept. 6.—An apparent plot to dynamite the lower end of the Charleston navy yard was discovered today when three heavy sticks of dynamite were accidentally found in the gigantic floating crane in the yard by workmen. The lives of 500 men were endangered.

The dynamite was in the frame work of the crane and the workmen were wielding hammers about a foot away. One of them happened to examine the place he was going to hammer next and saw the explosive.

The officials of the yard were notified. Experts of the hull division hurried to the scene. With the greatest precaution the dynamite was removed. A rigid investigation was at once begun among the workmen. They all professed surprise and denied connection with the dynamite.

Much dissatisfaction has been expressed in recent weeks by the workmen at the installation in the yard of a system of scientific management, by which each man is watched as he works and his results minutely noted down.

NORMAL ENROLLMENT BEGINS TOMORROW

The enrollment of the normal will begin tomorrow and Saturday at which time all students residing in Ada are urged to be present and enroll. This will save considerable time and enable the school to get under full headway much sooner next week than would otherwise be possible.

U. C. V. REUNION AT ARDMORE

Ardmore, Ok., Sept. 7.—In the midst of the emblems of Southern history the Confederate Veterans of Oklahoma convened here today in fourth annual reunion. Gen. Hailey of the department of Oklahoma presided and seated at his side was his Adjutant, Gen. R. B. Coleman, whose strong voice and experience at reunions was of great aid to his general, while seated on the stage was half a hundred prominent veterans, and men of affairs in the state.

Capt. R. H. Barrett, on behalf of James S. Davenport of Vinita, presented to the commanding officer, Gen. Hailey, a gavel made from timber taken from the home of Gen. Lee at Arlington, Va. Dr. Hailey, in the name of the convention, accepted the gavel.

Gen. Hailey delivered his annual address and in referring to the diminishing hosts of the Southern Army touched a tender chord in the hearts of the people and there was scarcely a dry eye in that vast audience at the close of the address.

Rev. C. R. Gray of the Broadway Methodist church of this city, as acting chaplain General invoked the di-

the reunion a few hours this afternoon and addressed the veterans.

Claude Weaver of Oklahoma City made an address and at the close the band played "Dixie." The veterans crowded around the speaker, the delegates paraded the aisles and marched across the stage of the opera house waving flags and caught up the strains of "Dixie" and sang with the band.

J. A. Bass of Ardmore made a historical speech replete with interest and, following the business session, the delegates and visitors went to the state home this afternoon, where a reception was held.

The day's exercises closed with a program tonight complimentary from the Daughters to the veterans. Senator Gore is here mingling with the veterans and will speak tomorrow.

The reception and sponsors' ball will be given tomorrow night at the Elks' hall.

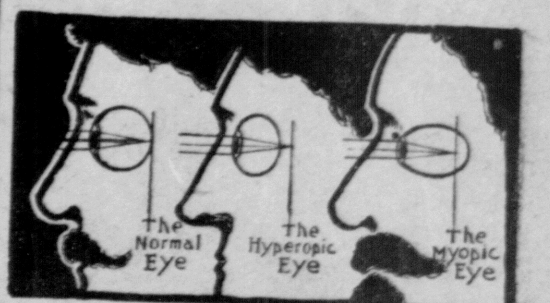

The annual convention of the Sons will be held tomorrow, beginning at 9 o'clock.

The Daughters closed their business session today. Mrs. W. R. Clement was re-elected president and the vice presidents elected are Mrs. T. D. Davis of McAlester, Mrs. Crump of Wynnewood and Mrs. McGahey of Edmond. The daughters declined to accept the violet as the state flower to supersede the Cherokee rose which was adopted some years ago.

Mrs. Addington of this city addressed the Daughters and exhibited a battle-scarred flag, which was made during the war by the women of the Choctaw Nation, and presented to Gen. Dwight's brigade. The relic is well preserved.

Mrs. W. T. Cox and Will Nethery returned this morning from their summer's outing in Colorado.

NOTICE TO THE PUBLIC.

For the convenience of the
public, the Evening News will
hereafter be on sale at the Post-
office news stand for the small
sum of 2c. The same rate will
prevail at the News office. This
is less than the actual cost of
the paper, and it is impossible to
make the price any lower. The
publishers would like to give it
away, but every paper costs mon-
ey to print, and if it is worth
reading at all, the News is cer-
tainly worth the small sum ask-
ed for it.

A reputation for being close fist-
ed is not half as bad as one for extrava-
gance. It is all very well to make
a show of extreme liberality, but un-
less one has a fat and growing bank
account, that sort of a reputation will
not carry him very far, and when the
end comes he will find himself with
fewer friends than his close fist-
ed neighbors.

If some men who brag about being
self-made would consider the poor
job they have done, they would be
likely to lay more of the blame on
the Lord.—Jet Visitor.

Another fine illustration of the old
saying which tells us that "where ig-
norance is bliss, it is folly to be
wise."

Senatorial Fight in Virginia.

Richmond, Va., Sept. 7.—A demo-
cratic primary election is to be held
throughout Virginia tomorrow for the
nomination of two United States sen-
ators, members of the legislature and

been one of the quietest that the old
dominion has seen in years. Even the
senatorial contests have failed to
arouse the usual amount of interest
and enthusiasm, although the interest
has increased to a noticeable extent
during the closing days of the cam-
paign.

Senator Claude A. Swanson, who
was appointed to fill out the term of
the late Senator Daniel, which ended
with the close of the last session,
is a candidate for election to the fall
six-year term. Senator Thomas S.
Martin, whose term will not expire
until 1913, but whose successor will
be chosen by the legislature to be
elected this fall, is a candidate for
re-election. Senator Swanson is op-
posed for the nomination by Repre-
sentative Carter Glass of the Sixth
district. Senator Martin's opponent
is Representative Jones of the First
district. The general opinion seems
to be that both Swanson and Mar-
tin will win out in the primaries.

BAILEY SORE ON LEGISLATURE

Gainesville, Tex., Sept. 6.—United
States Senator Joseph W. Bailey on
Wednesday confirmed the announce-
ment made Tuesday night that he
would not be a candidate for re-elec-
tion to the United States senate. His
term will expire March 3, 1913.

It is said Senator Bailey will go to
New York City to practice law after
his term in the senate expires.

To a few intimate friends the sen-
ator is said to have confided the de-
tailed causes of his action, but these
friends have refused to pass the in-
formation along. Some of the sen-
ator's friends say the actions of the
present Texas legislature have been
displeasing to Senator Bailey, but de-
cline to quote or permit the use of
their names.

hand a week from tomorrow, when he

One More Appeal to the Citizens of Ada.

Notice has heretofore been given
to the citizens of Ada that all the
sanitary laws of the city would be
enforced if it was in my power to do
so. It seems that such notices have
been, to a great extent, ignored by a
large class of the citizens of Ada.
Now, I know that it has been the case
heretofore to pass certain laws of
the city unnoticed, but the time has
come when rigid action will be taken
to enforce such laws. It behooves ev-
ery citizen of this city to look after
the health condition of same, and to
do so it is essentially necessary that
the ordinances pertaining to sani-
tary measures be carried out to the
full letter of the law. If something
is not speedily done to remove the
many obstacles that are detrimental
to health, we may expect a large
amount of typhoid fever and other
diseases this fall and winter.

I, therefore, hereby notify all par-
ties living in the city of Ada that the
sanitary laws of the city must be
observed. If the weeds around your
premises are not cut attend to same
at once. If in a sewer district, and
within 300 feet of a main or lateral
sewer, you are required to connect
with same. You are not allowed to
permit any thing of whatever nature
to remain on or around your prem-
ises that is capable of producing an
unhealthy condition. See that your
closet sare eleansed as provided by
the laws of the city.

In conclusion I will state that next
week I contemplate filing suits

BANISH THOSE GRAY HAIRS!

Kill the Dandruff Germs—Stop Hair Falling

Thousands of mothers are looking younger.—Their gray hairs are gone. The natural
color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should
you look old before your time, when you can look years younger by using

**WYETH'S

all the dandruff and left my
scalp clean, white and smooth.

Restores Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S
SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly
as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rap-
idly and I was troubled with a terrible itching of the
scalp. My head was full of dandruff, which fell upon
my clothes and kept me continually brushing it off.
While on a visit to Rochester I heard of your Sage and
Sulphur for the hair. I got a bottle and used it. A few
applications relieved the itching, my hair stopped fall-
ing out and gradually came back to its natural color.
It is now a nice dark brown color, soft, glossy and pli-
able. Several of my friends want to use it, and I want
to know what you will charge me for six bottles of it.

MISS E. A. ROSS,

Grew Hair on a Bald Head

For two or three years my hair had been fall-
ing out and getting quite thin until the top of
my head was entirely bald. About four months
ago I commenced using Sage and Sulphur. The
first bottle seemed to do some good, and I kept
using it regularly until now I have used four
bottles. The whole top of my head is fairly
covered and keeps on coming in thicker. I shall
keep on using it a while longer, as I notice a
constant improvement.

DON'T PULL OUT THE GRAY HAIRS

"Pull out one gray hair and a
dozen will take its place" is an old
saying, which is, to a great extent,
true, if no steps are taken to stop
the cause. When gray hairs appear
it is a sign that Nature needs as-
sistance. It is Nature's call for help.
Gray hair, dull, lifeless hair, or hair
that is falling out, is not necessarily
a sign of advancing age, for there
are thousands of elderly people with
perfect heads of hair without a sin-
gle streak of gray.

When gray hairs come, or when
the hair seems to be lifeless or dead,
some good, reliable hair-restoring
treatment should be resorted to at
once. Specialists say that one of the
best preparations to use is the old-
fashioned "sage tea" which our
grandparents used. The best prepa-
ration of this kind is Wyeth's Sage
and Sulphur Hair Remedy, a prepara-
tion of domestic sage and sulphur,
scientifically compounded with later
discovered hair tonics and stimu-
lants, the whole mixture being care-
fully balanced and tested by ex-
perts.

Wyeth's Sage and Sulphur is clean
and wholesome and perfectly harm-
less. It refreshes dry parched hair,
removes dandruff and gradually re-
stores faded or gray hair to its nat-
ural color.

Don't delay another minute. Start
using Wyeth's Sage and Sulphur at
once and see what a difference a few
days treatment will make in your
hair.

This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all drug-
gists.

A Hard-Working House.

The Democratic House has done splendid work. It has revised the house rules, dethroned the czar, and proved that better business can be done without a speaker-boss than with. It has passed reciprocity, the wool bill, the cotton bill, the free-list bill, the direct elections, campaign publicity legislation and the Arizona-New Mexico bill. It is an excellent program, and the best thing about it is that it has proved that the house is capable of deliberating and can actually contribute something if it is given a chance. Cannonism proves to have been far more a blight than its most ardent opponents realized. Success Magazine.

Have Your Eyes Tested

Parents Take Notice

As school time is here again, prepare your children so they may be able to get their lessons. Have their eyes tested for their optical defects, which causes many a child to be backward in getting their lessons. I will test their eyes and give you advice free, if they need glasses. You are assured of fair treatment. I don't care if they can't read or even do not know their letters, I can fit them just as well. I have the latest known instrument for that purpose at your hand and at your service. Bring or send to me and be satisfied.

FOLEY KIDNEY PILLS
FOR RHEUMATISM KIDNEYS AND BLADDER

S.S.S. CURES RHEUMATISM

The usual cause of Rheumatism is an excess of uric acid in the blood which weakens and acidifies this vital fluid, and prevents the proper amount of nourishment being afforded the muscles, nerves and tendons. The pains and aches of Rheumatism may be temporarily relieved by the use of liniments, hot applications, and other external treatments, but the disease cannot be permanently benefited by such measures, and is bound to become chronic and dangerous if such things are depended upon alone. **S.S.S.** cures Rheumatism in the only way it is possible to cure the disease. It goes down into the blood, and removes the uric acid from the circulation so that the nerves, bones, muscles and joints are all lubricated and fed with nourishing matter instead of being constantly irritated and inflamed with the sharp, acrid impurity. When **S.S.S.** has cleansed and purified the blood the pains and aches cease, all inflammation disappears, stiffened muscles are made supple, and every symptom of Rheumatism passes away. Book on Rheumatism and medical advice free to all. **S.S.S.** is for sale at drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

It Got Monotonous.

A yellow negro out in Kansas City decided that by barbering in the day time and fighting at night he could easily attain to great wealth. His first essay in pugilism was against a shifty black with a good ring record. At the tap of the bell the black

professional planted a straight left on the amateur's nose, and repeated the process some hundred times. By a superhuman effort the yellow barber came to a clinch, and his voice rang high in agonized protest:

"Scattah you' blows, niggah!" he demanded. "Fo' Gawd's sake, scattah you' blows."

ALLEN COURT PROCEEDINGS

County court at Allen adjourned yesterday afternoon, having disposed of a number of cases in the usual expeditious manner that has characterized Judge Barton's administration.

The following cases were disposed of:

Joe Dean, unlawful possession of liquor; not guilty.

Jim Cobb and Joe Dean, selling liquor, guilty, \$50 and 30 days.

R. E. Kempt, practicing medicine and surgery without license, plea of guilty; \$100 and costs.

J. Knox Greer, liquor, \$50 and 30 days.

C. B. Fields, shooting animal; not guilty.

Tom Thompson, liquor; taken from jury and dismissed.

Tom Thompson and McLaurin, liquor; continued. McLaurin not found.

Sam V. Morrison, liquor; continued. Two or three cases against Knox Greer continued.

Two against Jim Broadus dismissed.

One case against Jim Cobb and Joe Dean dismissed on payment of costs.

One against Lee Watkins dismissed.

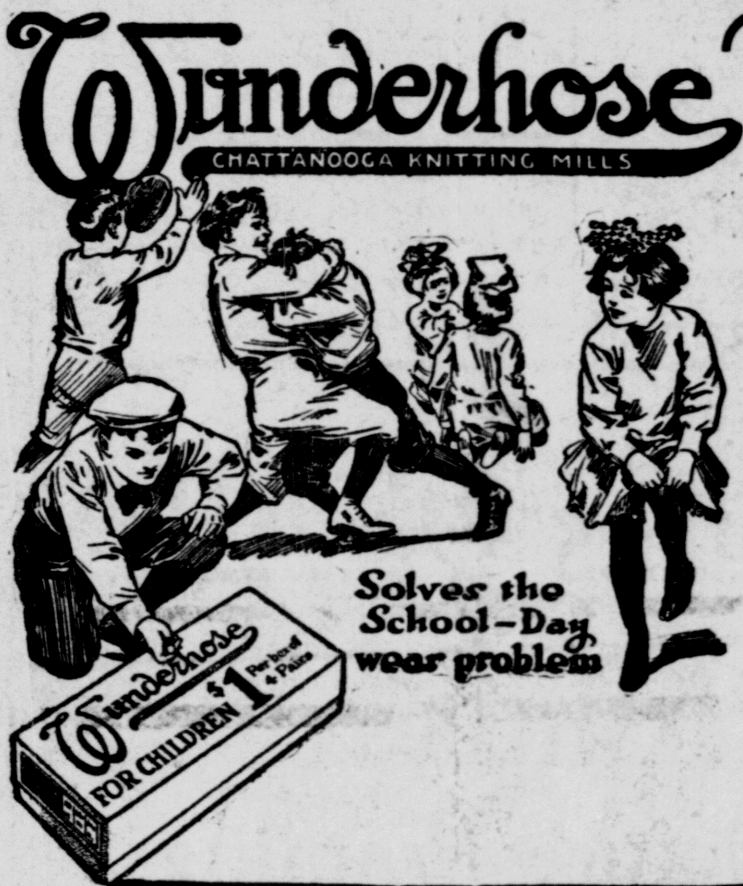

One against Robert, Byron, Jim and Robert Estes dismissed.

Motion for new trial in case of Dr. Threlkeld convicted at previous term for practicing medicine without license, was passed over until next term.

Case against Sweetman & McElroy, dismissed.

One civil case was tried.

J. W. Dean, deputy county attorney, conducted the cases for the state. He says that the vigorous prosecution

School Days Bring Many Problems

You owe it to your children to see that they are well dressed and comfortable. How can it be done on the least money? Stockings have been the greatest trouble. You know the kind that look well until the first recess. If your boy is the right kind of boy, he plays so fast he forgets all about his stockings. To grow he must play that way. Give him the kind of stockings that take care of themselves—

Wunderhose

Leap-frog, hop-scotch, foot ball, and many other games need have no terrors for the mother who has bought her son **Wunderhose**. Let him scuffle, slide, jump all over the play ground—no strain, no holes, no ravel. These wonderful stockings are made from Wunder yarn, dyed with Wunder dye. Wunder yarns are spun from the largest and toughest cotton fibre known. They are twisted and combed until they have the strength of rope, with the "feel" of silk. Only double threads of Wunder yarn—no single ones whatever—are used in **Wunderhose**. The heels, toes and knees are reinforced, and remember the strength of re-inforcing yarns does not depend on the thickness. That is one of the reasons why the heels and toes of **Wunderhose** are so soft and pliable and yet so strong. In **Wunderhose** families the mother helps her children with their books when other mothers are slaving with the darning needles.

tion of bootleggers at Allen has almost driven the whole push out of the business, it being too risky for the amount to be made out of it.

COURT ADJOURNS AT WEWOKA

Judge T. D. McKeown returned this morning from Wewoka. He said that when he heard Byrd's Mill water had arrived he thought it about time to wind up his court at Wewoka and come home to take a hand in the rejoicing over that happy event.

As a matter of fact, however, he had cleaned up the docket fairly well and after the adjournment of the grand jury had nothing more on hand. The grand jury found fourteen bills during the three days it sat, some of which may create a sensation, but as none of the indicted parties have yet been arrested, he could give out no information about them. The petit jury signed a very flattering testimonial to his good work, and at the close of the term, presented it to him.

Blaine Gilbreath, court stenographer, is still at Wewoka completing the records in the Edwards case, which under the law governing cases where the death penalty is imposed, must be submitted to the governor and court of appeals before the sentence is carried out.

The civil docket of Pontotoc county will be taken up here Monday.

Itching Skin Quickly Cooled.

Hot weather means skin trouble for many people, but now you can stop the itch instantly.

Just a few drops of the cooling and healing winter green lotion and the itch is gone—not in half an hour—not in ten minutes—but in five seconds.

This simple wash is known as D. D. D. Prescription for Eczema, and usually sells for \$1.00 a bottle, but now by special arrangement you can get trial size bottle for 25 cents. This will be enough to show you why we always recommend D. D. D. for all skin troubles. D. D. D. gives instant relief.

The Great Public Pulse Says: CALUMET

It says "Calumet" — For the critical housewives of America have found that Calumet Baking Powder makes the most appetizing, light, wholesome food — that Calumet is the most economical and dependable of all Baking Powders.

If you, too, Mrs. Housewife, want to learn what Calumet means to you, bake with it just one batch of biscuits. If you don't find it unlike any other — so much greater in leavening power — in uniformity — in purity — return it, and **get your money back.**

That's all we ask — and think what it means to you to always be sure that each time you bake you will have the most tempting biscuits, pastry, etc. Think of it — the highest quality Baking Powder at a moderate price — the most economical in use. Cheap big can kinds give you quantity, but not **quality**. High-priced trust brands mean extravagance. For no Baking Powder can be equal in quality to Calumet. Was not that proven when it received the Highest Award at World's Pure Food Exposition?

Don't be deceived — ask for Calumet — and get it.
